Memo

The President of the Mysore D. F. Board requests that the Board may be relieved of the quota of charges borne by them towards the cost of medical institutions in the City of Mysore on the ground that the benefits therefrom are confined to the municipal population.

(2) The cost now borne from the D. F. of Mysore comes to Rs 2791 as per particulars given below:—

(1)	H. H. the Maharaja Hospital	Rs 1379
(2)	Old Agrahar dispensary	296
(3)	Evangevi Dispensary	248
(4)	Chamarajpet	448
(5)	Grant-in-aid to Krishnaraja Gattappa's dispensary	240
(6)	Hakeem Syed Mustaffa	180

If the present proposal

In favour of the recommendation.
2nd Agrahar dispensary
Evangevi dispensary

296
248
448
992

be sanctioned, the D. F of the French Rocks Circle should also be relieved of the cost of H. H. the Maharanee Hospital amounting to Rs 863. The total relief would thus come to Rs 3654, which will have to be debited to the municipal funds of the Mysore City

May the municipal Board of Mysore be consulted on the proposal made by the D. F. Board?

Submitted

Yes, only about Rs 3 L'g. Establishment involved - It cannot be said that the other institutions benefit the town people alone - There is no request regd - my view - Q

GOVERNMENT MYSORE

Memo

The President of the D. F Board, Mysore Cycle requested that the Board might be relieved of the charges borne by them towards the cost of the 3 L. F. dispensaries in the Mysore City on the ground of this being beneficial only to the municipal population

Sl 20 in L.F 138 of 92.

1. Old Agrahar
2. Errangere
3. Varjarhead

(2) Thereupon the President of the Mysore City municipality was requested to consult the City municipal Board on the proposal made by the D. F. Board

Sl 29 in L.F. 138 of 92.

(3) When the matter was accordingly laid before the

the municipal Board, at
their meeting held on 26/2/98,
they resolved by a majority
(11 against 6) that the Govt
be moved to continue the
present practice owing to the
inability of the Board to
bear the whole cost under
their present financial
difficulties. The President
dis-agreeing with the recorded
resolution of the Board,
recommends that the D. F.
Board may be relieved of
the quota of the charges
payable for the three
dispensaries in the City, but
that if the Govt are not
prepared to do so, the City
municipality may be requested
to bear the whole cost of
2 such institutions, the D. F.
Board being required to contribute
thousands

towards the cost of only the remaining dispensary in the City under the existing rules."

In other municipalities, except Bangalore there is only one D. D dispensary for each the cost of which is debited to D D either wholly or only 2/3 according as the City is too poor or has funds, to bear its proportion

(4) It is submitted that the establishment of the Old Agrahar and Chamrajpet dispensaries was sanctioned and the cost ordered to be debited to the municipal and D. F. in the proportions of 1/3 and 2/3 respectively (Vide Pro etc $\frac{2342-5}{217}$ of 17/6/96 el 5 in L-F 136-92 & $\frac{10313-7}{L-F 138-92}$ of 17/3/97 (el

In the Branch dispensary at Chamrajpet, the salaries of a Sweeper and a peon were at first charged entirely to Municipal funds of Mysore the others items being apportioned between municipal and D. F. in the usual proportions. When this irregularity came to the notice of Govt, they directed

the

the adjustment of the charges ~~thereto~~fore measured between ~~the~~ both the funds, viz the charge recs debitable to them in the usual proportions.

(5) The present proposal of the Dy Comr involves a modification of the above orders of Govt ~~&~~ setting aside of the resolution of the municipal Board constituted under Regulation III of 1888, Sec 81 of which empowers Govt to control municipal Comr in certain cases, but this does not, it ~~appears to me~~ is submitted, extend to the present case.

(6) There are 2 Branch dispensaries in the City of Bangalore, ~~of~~ the cost of one of which is met entirely from municipal funds, that of the remaining one being debited to municipal and D.F ~~D.~~ the proportions of 1/3 & 2/3 respectively

(1) Market Dispensary
(2) Ambepete Dispensary

Submitted

The pay of Hospital apprs
& Sub Apprs Compounders in
charge of all Local
Fund Dispensaries is ~~[illegible]~~ debited
to State Funds, as also the
cost of Europe medicines supp-
-plied to them.

The cost of medical rel
-ief in ex-officio Municipal and
Local Fund Dispensaries is debited
of one third & two thirds
respectively. This Rule is
all right as regards Dis
-pensaries established
in Places other than
the Bangalore and Mysore
cities. In these Places
both the Municipal & Local
Populations are benefited
by Local Dispensaries.

The present question
is whether the District
Fund Board of the Mysore
District should contin
-ue to pay two thirds of
the cost of maintaining
Dispensaries in certain
Parts of the Mysore
City viz Old Agrahara,
Nagarhad and Lemmyre
There are subordinate
Dispensaries situated

9

allowance entirely for the people living in the said 3 Cantonments of the Mysore City for the benefit of the rural population. These are Dispensaries in all the Talukas except Mysore the people of which seem generally to go to the General Hospital which is maintained entirely from State funds but owing to the location that the Dispensary should continue to contribute towards the cost of the said three Dispensaries does not seem quite reasonable. If the Mysore Local Board is poor, the Mysore Dispensary Board is more so still.

Yours &c.

Sir,

(Leg. 9194 S. 97/12/98 / 138-97)

With reference to Government order no 1194 S. of the 7th February 1898 L.S. 138-92 in regard to the dispensaries at Old Agrahara, Karanjere, and Nazarbad in the Mysore City, I have the honor to submit herewith a copy of the resolution of the Mysore City Municipal Board at its meeting held on the 26th ultimo, and beg to state, that I cannot agree with the City Board in its opinion. There are three dispensaries in the City which are almost exclusively beneficial to the inhabitants residing within the municipal limits and not a portion of

the cost viz Rs. 947/- per annum the District Fund Board is obliged to bear. The total charges on account of the dispensaries at Taluk Head Quarters where there are also municipalities amount to Rs 5121/- in the district proper and Rs 3364/- in the Sub division including the cost of the marginally noted institutions the cost of which is wholly borne by the District Fund Board. If these are left out of the account the average cost of each of the remaining dispensaries would be Rs 348 whereas in the city municipality the district Fund quota of charges on account of the three dispensaries comes to Rs 947 and the municipal quota to Rs 473 or half of what the District Fund Board pays.

I beg to add that I have clearly shown in the district budget estimates for 1898 99 the financial condition of the Board from which it will be

(1) Taluk Head Quarters
(2) Coonoor
(3) Kotagiri

Deduct total cost of 3 dispensaries
Annual cost

Kodanad
Kotagiri
Kodanad
Kotagiri

observed that for want of funds, I sub-
mitted a proposal to convert some of the
Local Fund roads into Provincial. Even
if the Board had been required to met-
the cost of a single dispensary in the
Mysore Taluk the Local Fund Board
would not have had to spend more than
Rs. 3 4 8 as shewn in para supra it may
be argued that as the inhabitants of the
Mysore Taluk also derive some advantage
from the dispensaries in the city of Mysore
the Board cannot be relieved of the
obligation of contributing its quota of
charges towards maintenance, but it
must be remembered that the Local
Fund Board has in the case of Taluks to
maintain only one such institution, but
not three and has the case of Taluks
above named para 2 the whole cost is
charged to district funds though there
is municipality in each of them.

In these circumstances I beg
that the district Fund Board may be

be relieved of the quota of the charges payable for the three dispensaries in the city but if the Government are not pleased to do so the city municipality may be required to bear the whole cost of the such institutions and the Local Board having to contribute towards the cost of one under the existing rules.

It will not be out of place to mention here that the district Fund Board bears the charge on account of Her Highness the Maharaja Ranee's Hospital at Mysore, as that is the only institution of that sort in existence in the district to which female patients of all places may resort.

I have the honor to be

From.

The President, Local Boards
Branch, Mysore District

To,

The Secretary to the
Government of Mysore
Revenue Department

Sir,- I have the honour to state that there are fourteen Local Fund dispensaries in the municipal towns of the district Proper, eight of which are maintained partly from the district funds, and the remaining are entirely maintained from those funds. Each municipal town contains one dispensary, except the Mysore city where there are three; the cost of establishment maintained therein amounts to Rs 1,268, of which

Rs 951

as 951 being two-thirds of the cost is met from the district funds. Though the Board can be expected to bear the proportionate cost for the maintenance of one of the above three dispensaries, as in the other municipal towns, I consider it like an improper charge to require it to contribute for the other two also. The Board at a meeting held on the 23rd January 1900 has resolved to move the Government to relieve the Board of cost of its quota of maintaining them.

An extract from the Proceedings is here

herewith submitted. I request you will kindly place the matter before Govern-ment and obtain their orders.

Correspondence ending with letter No. 766 dy 14.2-00 from the Govt., D. of Rly, Mysore Dt., and letter No 634 dy 31-3-00 from the Resident, Mysore City, in Resident Commr., Mysore City, in re: the apportionment between the two Boards of the cost of maintaining the three L.D. dispensaries at Old Agrahar, Krangere and Nazarabad in the Mysore City

Section Medl.
File No 9857
Serial No 9

Order thereon. Rs 12322-2-5
L.F 138-92
9.12.5-1900

The question is whether the District Fund Board of Mysore should continue to bear two-thirds of the cost of maintaining the dispensaries at old Agrahar, Nazarbad and Krangere in the Mysore City. Though precise statistics are not available, it seems clear that while the rural population does derive some benefit from the existence

of these Dispensaries, the majority of the patients are from the said three suburbs of the City. For the benefit of the rural population there are dispensaries in all the Talukas except Rajpur, the people of which would appear generally to resort to the Govt. General Hospital. Under these circumstances the conviction that the District Board should continue to contribute towards the cost of the three Dispensaries in the City of Rajpur is not ~~quite~~ reasonable and cannot be accepted. Pending, as a concession to the Municipality, the Govt. will reverse the proportion in which the charges are now apportioned; that is to say, ~~the~~ instead of charging two thirds of the cost of the dispensaries to Dt. Fds and one third to Muni Funds, two thirds will be charged to Muni Funds and one third to Dt. Funds. This arrangement will have effect from the ensuing Official year.
